Responsibility goes Beyond the Cup.

The Nescafé Plan: Creating Shared Value.

At a time when everything and everyone is more closely connected than ever, we cannot ignore how our actions affect the world around us. We have to look beyond the cup.

That's why we started the Nescafé Plan, a global initiative that supports responsible farming, production and consumption.

RESPONSIBLE FARMING

- Sowing the seeds for the future by ensuring long-term security for farmers and respect the environment

RESPONSIBLE PRODUCTION

- Reducing our environmental footprint by taking more care every step of the way

RESPONSIBLE CONSUMPTION

- Protecting tomorrow's world by helping you make a responsible use of resources

Find out more about The Nescafé Plan by visiting www.nescafe.com.

Many Coffee Choices. One Easy Decision.

Nestlé Professional Vitality is focused on providing

foodservice operators with complete beverage solutions that include innovative products, state-of-the-art dispensers, sales and marketing support, and a complete service network of company-trained technicians.

NESCAFÉ Alegria is part of the NPV family of foodservice high-quality products. Its coffee program is a convenient and reliable business solution. We have the people, the resources, and the consumer insight to help you create a profitable beverage program that works for your business. This is the total NESCAFÉ Alegria solution.

NESCAFÉ Alegria

As the #1 global purchaser of coffee beans, we ensure you get the best cup every time

For more than 70 years, NESCAFÉ Alegria coffee buyers have perfected the art of selecting, roasting and extracting the best flavor from the highest quality beans to make this 100% real coffee delicious.

NESCAFÉ Alegria stands for Quality, Convenience and Customization – these principles have been part of its success all over the world. NESCAFÉ Alegria's motto is: *A simple pleasure in everyday life.* This European-inspired name implies quality coffee.

Once roast-and-ground coffee is brewed, its flavor starts to break down after just a few minutes, leaving you with stale coffee that often has to be discarded. So even if you are getting a great price on roast-and-ground coffee, you may be pouring those savings down the drain. NESCAFÉ Alegria gives you great coffee with zero waste. That's real value. With our broad range of products and on-demand solutions, anyone can serve brewed-to-order coffee.
