

**Program & Commodity Price Updates**  
**Effective June 1, 2016**  
*Confidential Information*

**Berry Plastics**

- Trash Can Liners: **Increase +2%**

The primary raw materials, and a main cost driver in can liners, is either LLDPE or HDPE resins which have been extremely volatile this year resulting in price changes. The costs of resins have shifted higher after a year of lower and lower pricing. Berry Plastics liner prices are based on contracted formula pricing and are directly affected by cost input changes.

**Domino Foods**

- Bulk Refined Sugars (granulated, confectioner, brown, etc.): **Increase +4.6%**

The sugar market has been on an upward trajectory over the past 16 months. Strong El Niño conditions brought an overly wet winter to Florida and flooded out operations in Louisiana, resulting in lower crop yields for the year. In addition, imports of raw sugar are down. While production and availability of refined sugar declines, demand has remained high, resulting in higher sugar prices.

**Gardenburger, Inc.**

- Spicy Black Bean Burgers: **Decrease -12%**

This temporary decrease is a summer promotion for Spicy Black Bean Burgers.

**Commodity Driven Contracts**

*The contracts below are formula-based, reflect the markets and change monthly or quarterly. We will not always provide an explanation for pricing changes, as the pricing of these programs continually ebbs and flows with the markets. A yearlong snapshot of pricing gives the most appropriate view of the benefits associated with entegra's negotiated pricing, and the monthly pricing reflected does not portray the full year benefit. However, we do want to keep you informed so you can make menu and pricing adjustments as appropriate for your facilities.*

**Cheese & Dairy**

**Schreiber Foods, Inc.**

- Processed Cheese: **Decrease -2.6%**

**Great Lakes**

- Processed Cheese: **Decrease -3%**

Processed cheeses, which have a longer production timeline than cream cheese, butter and milk, have been seeing a steady decline in pricing due to the decreased milk pricing from earlier this year.

**Michael Foods, Inc. (Papetti's)**

- Egg Products: **Slight Decrease**

**Beef**

**Cargill**

- Ground Beef: **No Change**
- Whole Muscle Cuts - Pot Roasts, Roast Beef and Stew Meat: **No Change**

  - Pulled, Diced and Cooked Strips: **No Change**
  - Breaded Strips: **No Change**
  - Cooked Unbreaded Breasts and Patties: **No Change**
  - Wings: **Slight Decrease**
  - CVP: **Increase +5%**

The 10-day market averages for the June pricing coincided with Mother’s Day which is a very high demand time of year the white meat chicken markets, including breasts, tenders, breaded nuggets and CVP products. As we head into summer, these prices will likely even out.

**Seafood**

**Slade Gorton**  
 ■ Chilean Muscles: **Increase +4.5%**

Recent labor strikes in Chile as well as an Algae Bloom off western the coast of South America has contributed to a stifled supply.  
 ■ Shrimp: **Decrease -6%**

Current shrimp markets are trending lower overall. Price decreases on certain shrimp products range from 3% to 10%, all a result of seasonality.

**Oils**

**Ventura Foods**

- Bulk Margarine **Slight Increase**
- Oil, Shortening **Increase +1.51%**
